

# Create Your Own Work of Art

Isambard Kingdom Brunel was a talented artist. From a young age he was encouraged to draw by his father. He drew very detailed drawings, including this sketch of a horse when he was only 6 years old. Isambard was also able to draw a perfect circle!

Create your own work of art. You can either use the frame on the next page or draw your own on a blank piece of paper. It could be your favourite animal, a landscape or maybe even a self-portrait. Be as creative as you like, the choice is yours!
